AND OUR READERS AGREE...

"I love the new and improved Nintendo Power... Longer news, more previews, longer strategies, a better reviews section; I'm happy with it all. You guys are even reviewing before anyone else (like Killer 7). I can tell you listened to your fans, and I can proudly say I am happy with the magazine now!"

"I have been a subscriber for quite some time now and I have never been more excited to get an issue. I loved your magazine the way it was, but now I absolutely adore it. The sexy new image complements Nintendo's newly announced direction and their slick new Revolution and Game Boy micro. Great work!"

CHASE B.
VIA THE INTERNET

"I want to congratulate you on the new Nintendo Power. The magazine looks, feels and smells great! The more in-depth review section was an excellent addition. The expanded news section held my attention and the E3 coverage was amazing and more detailed [than in previous years]. May I also mention the Zelda preview article was exploding with brilliance? It made my mouth water with anticipation. Keep up the good work!"
